Professional summary

Highly motivated BTech graduate in Data Analytics with comprehensive training in statistical analysis, data visualization, and predictive modeling. Proficient in leveraging advanced data processing tools and languages, including Python, R, and SQL, as well as visualization platforms such as Tableau and Power BI. Demonstrates a strong capability in transforming complex datasets into strategic insights to drive data-informed decision-making. Possesses exceptional analytical skills, attention to detail, and a proactive approach to problem-solving. Committed to applying technical expertise and analytical acumen to deliver impactful business solutions and enhance organizational performance.

Skills

Technical:

- Programming language (Java, C, Python)
- Web Development (HTML, CSS)
- Database (Sql, MangoDB)
- MS (Office, PowerPoint)
- Data visualization (Tableau, Power BI)

Soft Skills:

- Creative thinking
- Problem solving
- Attention to Detail
- Time management
- Continuous Learning
- Quickly Adaptivity

Education

Bachelor of Engineering (Information technology)	Nov 2022-May 2026
Sethu Institute of Technology	CGPA 8.4/10
Class 12th - State Board	Jun 2021-May 2022
Madurai Meenakshi matriculation higher secondary school	Percentage-82%
Class 10th - State Board	Jun 2019-Mar 2020
Madurai Meenakshi matriculation higher secondary school	Percentage-75%

Certification

- Infosys Springboard (Python, Java , Data science , Artificial Intelligence)
